Group Project 2

Business Startup

THE UNIVERSITY OF ALABAMA®
Culverhouse College of Business
Information Systems, Statistics and Management Science

Project Overview

You have been hired by an entrepreneur who:

- Has identified an industry or problem space
- Needs your team to shape the vision and build the product

Your responsibility:

- Refine and challenge the idea
- Help define a clear **business hypothesis**
- Brainstorm and prioritize features
- Think bigger and smarter

Project Overview

- Teams of 3–4 students
- Assigned Executive will serve as your inspired entrepreneurs
- Duration: Rest of semester

AI Integration

- Every team must meaningfully embed AI.

  Ex. Run an LLM locally, Integrate OpenAI via API

- AI should create real, differentiated value — not just be added for show
